Appendix C
COMMUNITY NEEDS ASSESSMENT
CVOC Migrant and Seasonal Farmworker Service Area
2021 Migrant and Seasonal Farmworker Community Needs Assessment (Madera, Mariposa, Merced, Stanislaus and Tuolumne Counties)

Prepared by the CVOC Planning Department
CVOC Farmworker Community Needs Assessment: Introduction

Central Valley Opportunity Center’s Community Needs Assessment of the farmworker population of Merced, Madera, Mariposa, Stanislaus and Tuolumne counties consisted of a review of CVOC’s Strategic Plan, review of current program operations, evaluation of program effectiveness, community meetings, solicitation of input from the farmworker community and the community at large, coordination meetings with other service providers as well as examination of CVOC farmworker demographics. CVOC conducted a Community Needs Assessment Survey and sent/handed surveys out to our stakeholders. The results of this Farmworker Community Needs Survey are included.

To ensure that CVOC’s Farmworker Community Needs Assessment is comprehensive, CVOC participates in development, coordination and planning activities with a wide variety of community organizations that are involved in assessing the needs of migrant and seasonal farmworkers as well other dislocates agriculture worker. CVOC’s 5-year Strategic Plan, completed during 2016, included a Community Needs Assessment and these indicators are included in this Needs Assessment.

Farmworker Community Profile

CVOC’s service area is comprised of the five California counties of Stanislaus, Merced and Madera, Mariposa and Tuolumne. Located in the heart of the agriculturally rich San Joaquin Valley, the service area’s economy and employment is reliant upon agriculture. California’s $50 billion-dollar agricultural industry supplies over a third of the nation’s vegetables, and two thirds of the nation’s fruits and nuts. CVOC’s service area includes the 5th, 6th, and 10th highest agriculture revenue producing counties in the State. The California agricultural industry reported 422,430 persons employed in agriculture during 2019. The most recent Census of Agriculture estimates that CVOC’s service area employed 44,448 farmworkers. The abundance generated by agriculture in this area has not translated into higher living conditions for those that toil in the fields. Rural communities in California’s most productive agricultural regions suffer from the highest unemployment rates, poverty and social problems.

CVOC’s MSFW Service Area (Madera, Mariposa Merced, Stanislaus, Tuolumne counties) contain 3 of the top ten agricultural areas in the state and the nation.

California Farmworker Statistics

Throughout CVOC's forty-two (42) year history of operating NFJP programs, State Community Service Block Grant Farmworkers Programs, Department of Education High School Equivalency Programs and a variety of local Farmworker programs, CVOC has developed an in-depth understanding of local farmworker needs. Based upon one of the most comprehensive studies of farmworker characteristics, “The California Farm Labor Force Overview and Trends from the National Agricultural Workers Survey” the regions farmworker characteristics show the majority of California Farmworkers are male (71%), foreign born (90%), Mexican (82%), they are relatively young (44%) are 34 years old or younger, but average age is 38 years old. Foreign born individuals make up the majority (90%) of California’s farmworkers, and a little over half of the labor force (56%) are unauthorized workers. The average educational level of California farmworkers was eight years of schooling and 72% speak little or no English. A summary of CVOC service data on farmworker characteristics for clients served in the last three years shows that farmworkers in CVOC’s service area can be characterized as (1) predominately a member of a racial/ethnic minority, especially Hispanic; (2) having less than 9th grade education; (3) seasonally employed or underemployed; (4) tending to be at the bottom of the income scale with few economic opportunities; (5) younger than the national average age; (6) being young, male heads of households; and (7) having a primary language other than English.

Recent immigrant issues and a global pandemic have had an impact on California’s farmers and farmworkers. Farmers are increasing the use of mechanization which will result in a reduction of farm jobs. An article citing California Farm Bureau Survey states:

“Farmers in the nation’s top agriculture state (California) are increasingly moving to different forms of mechanization to get around the farm labor crunch, according to a California Farm Bureau survey.” the number of farm workers in California has been gradually declining in the past several years and stepped-up immigration sweeps by the federal government in California haven’t helped. Labor shortages have been especially tough on farmers with crops such as tree fruits, grapes and berries.”

“More than 40% of farmers in the past five years have been unable to obtain all the workers they needed for the production of their main crop, according to the survey, released Tuesday. Of the total reporting shortages, it found about 70% or more indicating they have experienced more trouble hiring in 2017 and 2018. According to the farm bureau, about 56% of the farmers surveyed have started using mechanization in the past five years, and of the total, more than half said it was because of labor shortages.”

Roughly half of the farm workers nationally “lack legal immigration status,” according to U.S. Department of Agriculture figures. At the same time, the annual California survey found 86% of those agricultural producers surveyed said they have increased
wages as part of an effort to hire enough people for their operations. Also, the survey found just over 30% of farmers have switched acreage to cope, and 6% said they had enrolled in the federal government’s H-2A agricultural visa program.

COVID19 has speed up changes such as Mechanization, which will eventually reduce the number of workers needed and will increase the need for workers with more specialized skills. Some of these changes will bring a positive change to farmworkers, like increased wages, overtime pay, and more farm work opportunities. During our community needs survey process local farmers mentioned the need for training in agricultural equipment repair so they could keep current employees employed past the normal harvesting season.

**COVID19 and Farmworkers**

As nonessential business closed in March of 2020, often overlooked low-wage workers like farm laborers were categorized as essential workers by the U.S. Department of Homeland Security. Farmworkers already among the most vulnerable workers in our labor force, contracted COVID19 at nearly three times the rate of other residents in California. COVID19 spread in farm worker communities at a much higher rate because most farmworkers share rides to work, often live in multigenerational and overcrowded housing, work in close quarter, and go to work when they are sick for fear of losing their job. A national shortage of person protective equipment at the beginning of the pandemic left many farmworkers, who already struggle to access and afford the bare necessities, unprotected.

A recent survey from the from California Farm Bureau reported that 56% of farmers surveyed said they lost customers or sales due to COVID-19 with 51% citing shelter in place and business closures; some other responses included a labor or staffing shortage. One fourth of farmers responded that they had to cease operation due to COVID19, and “one-third of respondents reported being unable to undertake routine planting, cultivating or crop-care activities due to lack of personal protective equipment such as respiratory protections.”

**Poverty Factors**

“Low wages and part-time work contribute to farm workers’ low socioeconomic status. An estimated 21% of farm worker families in California live in poverty according to the federal poverty standard, and this proportion would be greater if California’s higher cost-of-living were taken into account”

A Profile of local MSFW’s follows:

**Foreign-Born** – Farmworkers are primarily foreign-born recent arrivals to this country, mostly Hispanics from Mexico.
Spanish speaking and Limited in English – The majority of farmworkers are monolingual in Spanish. Foreign born workers are less likely to speak or read English fluently and need ESL and basic literacy to access higher paying jobs.

Low education levels – According to the NAWs survey 47% of California farmworkers had less than a 8th grade education and 73% had less than a high school degree.

Seasonally Employed - The typical California farmworker only works seasonally from on average 36 weeks a year.

Poverty Rates - While poverty rates for California are 11.8%, poverty rate for farmworkers is [21%]. Farmworkers with larger families are more likely to be poor. Farmworkers have low annual incomes due to the seasonal nature of farm work.

Family Composition - In spite of perceptions that single or unaccompanied males dominate the work force, most farmworkers have families. Migrant farmworkers were more likely to be alone than farmworkers that are settled.

Career Aspirations - According to the NAWs survey about 78% of farmworkers plan to continue working in agriculture for over five years and as long as they are able to do the work. On the other hand, 16% stated that they intended to remain in agriculture for 5 or less years. These aspirations indicate that farmworkers need nonagricultural and upgraded agricultural training opportunities.

Wages – In CVOC’s service area the average wage for a farmworker is $13.43 an hour, which is just a few cents above California’s minimum wage of $13.00. However, due to piece rate pay, seasonal, and short-term jobs that farmworkers fill their actual annual income is far less than the hourly rate would suggest.

Housing - Farmworkers often live in substandard or overcrowded conditions, especially at harvest time. This makes farmworkers and their family members more susceptible to contracting COVID19.

Migrants – Migrant farmworkers supplement the local seasonal workforce especially at harvest time. According to the NAWS survey 84% of California farmworkers do not migrate and are settled, while 12% are driving more than 75 miles to work or are following the crop season. The remaining 4% are first time newcomers arriving in the United States for work that have not yet established a migration pattern.

Summary - Farmworkers in CVOC service area are primarily Hispanic, young, under educated, lack basic literacy and are a majority immigrant from Mexico. They have high labor force participation rates, but seasonal and sporadic employment depresses annual earnings.

Community Resources and Coordination

The chart below is an analysis of the assistance programs in CVOC’s service area and their effectiveness in terms of meeting the needs of the migrant and seasonal farmworkers. As noted in various sections of this proposal, the farmworker population is, in general, not familiar with or does not access mainstream social service programs. As evidenced by statistics gathered by CVOC and other organizations providing
services to the farmworker population, public assistance programs such as SNAP (Cal Fresh), Cal Works (TNAF), WIC, SSI, Section 8, etc. are under used by this population. Although most of our clients are eligible for public assistance programs, less than 25% actually receive any type of assistance or even apply.

<table>
<thead>
<tr>
<th>Agency/Programs</th>
<th>Effectiveness of Assistance to Farmworkers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Workforce Investment Act/Employment and Training Programs</td>
<td>CVOC is the program operator for the WIOA167 MSFW program and as such coordinates these activities with CSBG MSFW funding. The WIOA mainstream programs provide employment and training opportunities for farmworkers who are able to participate. Due to limitation of funding, the mainstream programs are not targeting their outreach to this populations as CVOC receives targeted WIOA funding and farmworker clients who face multiple barriers to employment are referred to CVOC</td>
</tr>
<tr>
<td>Employment Development Department</td>
<td>The Employment Development Department provides targeted assistance to agriculture workers who have been dislocated or laid off from their jobs to find jobs in agriculture. Although they are a valuable source of job opportunities, there is limited assistance for the unskilled farmworker in obtaining employment and training opportunities other than referral services to employment and training programs. EDD outreach to farmworkers provides a valuable referral service to CVOC’s clients.</td>
</tr>
<tr>
<td>County Schools</td>
<td>Programs for limited and mono-lingual clients are limited. Migrant Education provides educational assistance to farmworker youth who meet the migrant requirements. Limited assistance is available through the school district for farmworker youth who have dropped out of the school system. Continuation school is targeted to recent dropouts and is not designed to provide assistance to the very limited migrant youth.</td>
</tr>
<tr>
<td><strong>County/City Business Development</strong></td>
<td>Small business development assistance is limited and generally not available to our clients due to their language deficiencies. Small business development loans do not target our client population.</td>
</tr>
<tr>
<td>------------------------------------</td>
<td>------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>Food Banks</strong></td>
<td>Food banks in CVOC’s service area are a valuable resource for emergency food. The amount and types of food are limited and outreach efforts to inform clients of nutritional programs available is limited to relatively small service areas.</td>
</tr>
<tr>
<td><strong>Housing Authorities</strong></td>
<td>Housing Authorities have limited resources to provide services such as migrant housing and subsidized housing. Waiting lists for subsidized housing are 2 to 3 years and migrant housing is limited. Most migrant housing is available from May to November and once the migrant camps are closed there are no further assistance target for farmworkers.</td>
</tr>
<tr>
<td><strong>Salvation Army</strong></td>
<td>The Salvation is a valuable resource for farmworkers clients in need of emergency assistance. The Salvation Army locations are primarily in the major cities in CVOC’s service area and access is limited if clients do not have transportation to the sites.</td>
</tr>
<tr>
<td><strong>Health Centers and Clinics</strong></td>
<td>Health clinic and centers that provide low-cost/no-cost medical services are a critical resource for medical care for farmworker clients. Several of these clinics target the rural areas and the farmworker population. However as with most services the need is much greater than the capacity of these clinics and waiting lists for non-critical care appointments can take months. Due to funding cutback, some local clinics in the rural areas have closed or only are open a few days per week.</td>
</tr>
<tr>
<td><strong>County/ City Programs and Services</strong></td>
<td>Various programs and services such as city parks and recreation departments, police activities/services, mental health departments, etc have many valuable services. In CVOC’s service area, few</td>
</tr>
<tr>
<td>County Department of Human Services, Department of Social Services (TNAF Programs)</td>
<td>Services such as Cal Works, Cal Fresh, Medical, etc are provided by the county social services departments are underutilized by farmworker clients. Farmworker clients fear losing resident or legal status if they apply for public assistance. Many farmworker clients who have one or more family members whose legal status have not been established are fearful of applying for “government” programs.</td>
</tr>
</tbody>
</table>

---

**Community Needs Assessment Survey Introduction**

CVOC, as part of the ongoing assessment of farmworker needs, completed a process of needs assessment surveys, community meetings and data gathering to identify conditions and causes of poverty in the farmworker communities of CVOC’s MSFW Service Area. A Community Needs Assessment Survey was handed out to current farmworker clients, sent out to local service providers, provided to all staff to distribute at community events, and posted on our Website. During April 2021 and May 2021, 237 surveys were completed and submitted providing ranking of needs of the farmworker communities. (See copy of Survey) In addition 9 Community Meeting were held to discuss the needs of the farmworker communities. The summary below provides a review of the Community Needs Assessment Surveys and community meeting as well as the results and analysis of the surveys and community meetings.
Community Meeting Summary - CVOC Stanislaus County

The following is a report on the Community Needs meetings that took place at the following locations in Stanislaus County:

- April 28 2021 at 10:00am- CVOC Modesto Office, 1801 H St. Modesto CA, 95354
- May 5 2021 at 10:00am- Virtual Meeting via Zoom
- May 12 2021 at 10:00am- Virtual Meeting via Zoom

In order to mitigate the spread of COVID-19 CVOC partially conducted its survey using online surveys with links and QR codes distributed to community partners, staff, customers, and community members.

Other Locations where physical surveys were collected:
- CVOC Modesto Office A4
- CVOC Modesto Office B1
- CVOC Ceres WX and HEAP

Leading the Community Needs Meetings were CVOC staff, Jessica Fregoso and Alejandro Alberto. Additional staff helping with survey distribution were Gabriela Calderon, Lucina Herrera, Sandra Arellano, Martha Villegas, Maria Souza, Jacqueline Santos, and Karmela Ovro.

1. Rank the following community problems in the county/your community from 1 to 11 with 1 being the most pressing problem and 11 being the least. (An Excel Spread sheet was used the CONTIF formula to obtain the most accurate needs from 1-11)

2. Apart from the social problems listed in Question 1 (above), are there other urgent social problems in your community or in the county. If so, list them below. Other social problems reported by the community are listed

   - Lack of affordable childcare
   - Lack of support and services for undocumented residents
   - Lack of adult English classes
   - Food and money insecurities

3. List the top 5 community Needs/Services that you think CVOC should be addressing. (Listed are the top five found on Surveys)
• Affordable Housing
• Broad Eligibility Criteria
• Homelessness and Poverty
• Unemployment
• Add more trainings, rental assistance, drug counseling, shelter assistance, food.

4. In the space provided below, provide any other comments related to the needs of your community or CVOC services and programs. (Most common comments in the surveys)
  • CVOC can benefit the community through additional involvement such as mobile application sites for all services.
  • Less restrictive asset limits for public assistance. How do we expect poor people to escape poverty if we have to get rid of reliable cars or not have emergency savings.
  • More online applications
  • rent keeps going up and job don't pay a living wage or offer benefits
  • Mortgage Assistance
  • additional utility assistance not just for gas and electricity
  • People need more pandemic related assistance; the pandemic has left people worse off than they already were.
  • Some streets needing light and sidewalks.
  • Help people with bus passes, vehicle registration fees, gas cards, or car repairs
  • Open up a permanent office in Newman/Patterson area
  • Needs affordable housing throughout the county.
  • There should be a focus on providing Hispanic about banking, investing, building credit, savings, and retirement accounts. Social Security benefits will not be enough for aging farmworkers
  • Job Placement with jobs that offer great benefits, 401K and pension with quality healthcare. Set us up for success because that is why we are here to change our lives.
  • need for more low barrier shelters
  • need better jobs, cost of everything has gone up but employers do not pay enough or give enough hours
  • training, utility assistance, rent assistance, bus vouchers, food assistance
  • I think English classes would be nice.
  • end the criminalization of homeless people
  • MIS makes it incredibly difficult to obtain rental assistance. Clients are left very disappointed after they bring all their documents and they do not qualify or they are asked to bring even more documents. Case managers do everything they can in order to help the client but MIS puts many obstacles.
  • Add internet-based program applications
• Having a food/supply pantry would help when there are shortages of items because of the pandemic. People drove up prices by panic buying and it left people that live on a budget without many essentials
• the building of affordable starter homes
• Affordable housing, lighting, better roads and sidewalks
• CNA or EMT training would be nice

5. List any comments made by the attendees.
   • CVOC is very helpful to the community. It opens doors with their trainings.
   • I am thankful for the rental and utility assistance program CVOC has. They helped me when I needed it the most.
   • I have taken a training at CVOC and it helped me get a better job.
Community Services Block Grant
Migrant & Seasonal Farm Worker Program
Community Needs Report
Merced County

The following is a report on the Community Needs meetings that took place at the following locations in Merced County:

- April 28, 2021 at 11:00 am – CVOC, 6838 Bridget Ct, Winton, CA 95388
- May 5, 2021 at 11:00 am – Virtual Meeting via Zoom
- May 12, 2021 at 11:00 am – Virtual Meeting via Zoom

In order to mitigate the spread of COVID-19 CVOC partially conducted its survey using online surveys with links and QR codes distributed to community partners, staff, customers, and community members.

Other locations where surveys were collected:

- CVOC Welding 1741 A. Miles Ct., Merced, CA 95348
- CVOC Trucking 3058 N. Beachwood Ave., Merced, CA 95340

Facilitators to these meetings were Ernesto Rodriguez and Margaret Santiago. Assisting with the distribution of surveys were Claudia Guzman, Jose Govea, and Ramiro Velazquez. Ernesto Rodriguez opened each meeting with an introduction of all CVOC staff in attendance followed by an explanation of the Community Needs meeting (funding cycle, allowable activities and eligible population), including the services CVOC currently provides. Services include, but not limited to, vocational training (all trainings were specified), ESL and GED opportunities, emergency assistance and job search assistance.

1. Rank the following community problems in the county/your community from 1 to 11 with 1 being the most pressing problem and 11 being the least. (An Excel Spreadsheet was used the CONTIF formula to obtain the most accurate needs from 1-11)

   a) Unemployment: 1
   b) Homelessness: 2
   c) Crime/Gang Violence: 3
   d) Healthcare Access: 6
   e) Illiteracy/HS Dropout Rates: 5
   f) Drug/Alcohol Abuse: 4
   g) Lack of Affordable Housing: 7
   h) Lack of Public Transportation: 8
   i) Lack of Community Resources: 10
   j) Poverty/Working Poor: 9
   k) Other: 11

2. Apart from the social problems listed in Question 1 (above), are there other urgent social problems in your community or in the county. If so, list them below. Other social problems reported by the community are listed.
• Lack of child care/ child care centers
• Lack of food security
• Lack of after school activities
• Lack of after school activities
• Lack of after school activities

3. List the top 5 Community Needs/Services that you think CVOC should be addressing.
   Needs/services listed are the most commonly found on the surveys.
   • Unemployment
   • Lack of community resources (Rental assistance, food assistance, transportation)
   • Homelessness
   • Drug and alcohol Abuse
   • Illiteracy/ High School Dropout rates (GED, Training)

4. In the space provided below, provide any other comments related to the needs of your community or CVOC services and programs. Needs/services listed are the most commonly found on the surveys.
   • I got help with rental, it was extremely helpful to me and my family
   • Have program low income from non-farm workers
   • the central valley used to be a relatively affordable place to live but now everything (food, utilities, rent/mortgage, childcare) is so expensive.
   • certifications in medical field, electrician training, automotive training,
   • outreach and information needed about programs you offer
   • More outreach needed
   • Students from low income and farmworker families have struggled to obtain reliable internet connection as everything moved online during the pandemic. Not all students had access to the internet or had parents that could assist them when they had technical problems.
   • Free trainings even if we don't have documents
   • additional programs that do not require SSN
   • Offer different trainings that the AG population would be interested in taking.
   • More assistance so people can stay afloat during the pandemic
   • I got free PPE form CVOC when I needed it the most
   • COVID-19 further shown us the need for consistent internet access and basic computer literacy classes as many families struggle with virtual classes, virtual doctor's visits, online job applications, and online EDD services.
   • Night classes, weekend classes. Community events and open houses.
   • a construction course would be great, add online services, more outreach
   • Have additional programs that do not require SSN
• more outreach so community knows of all services
• Ag equipment repair would be a helpful training so farmworkers can work longer seasons
• Got a great job after taking the welding training.
• add web-based applications
• Great assistant's
• open additional hours or weekend
• more outreach and information on how to qualify
The following is a report on the Community Needs meetings that took place at the following locations in Madera County:

- April 29, 2021 at 1:00 pm – CVOC Madera Office, 605 S. Gateway, Madera CA 93637
- May 5, 2021 at 1:00 pm – Virtual Meeting via Zoom
- May 12, 2021 at 1:00 pm – Virtual Meeting via Zoom

In order to mitigate the spread of COVID-19 CVOC partially conducted its survey using online surveys with links and QR codes distributed to community partners, staff, customers, and community members.

Other locations where surveys were collected:
- Madera Workforce
- Department of Social Services

Facilitators to these meetings were Adrian Gonzalez. Vanessa Morales assisted by distributing surveys. Adrian Gonzalez opened each meeting with an introduction of all CVOC staff in attendance followed by an explanation of the Community Needs meeting (funding cycle, allowable activities and eligible population), including the services CVOC currently provides. Services include, but not limited to, vocational training (all trainings were specified), ESL and GED opportunities, emergency assistance and job search assistance.

1. Rank the following community problems in the county/your community from 1 to 11 with 1 being the most pressing problem and 11 being the least. Scores listed are averages from all surveys received. The number in parenthesis shows the amount of times the category received a score of 1.

   a) Unemployment: 2  g) Lack of Affordable Housing: 3
   b) Homelessness: 6  h) Lack of Public Transportation: 11
   c) Crime/Gang Violence: 4  i) Lack of Community Resources: 9
   d) Healthcare Access: 8  j) Poverty/Working Poor 1
   e) Illiteracy/HS Dropout Rates: 7  k) Other: 10
   f) Drug/Alcohol Abuse: 5

2. Apart from the social problems listed in Question 1 (above), are there other urgent social problems in your community or in the county. If so, list them below. Other social problems reported by the community are listed.
• Car insurance
• Gangs & drug dealing
• High school services
• Lack of remedial education
• Medical Bills
• Teaching ESL classes
• Food insecurity

3. List the top 5 Community Needs/Services that you think CVOC should be addressing. 

Needs/services listed are the most commonly found on the surveys.

• Job/ Vocational training and apprenticeships
• Homeless Services
• Housing assistance (mortgage/rental/affordable housing)
• ESL/GED classes
• Utility assistance
• Substance abuse
• Youth programs
• Citizenship classes

4. In the space provided below, provide any other comments related to the needs of your community or CVOC services and programs. Needs/services listed are the most commonly found on the surveys.

• Automotive training would be great or lineman training
• would like more information on services and programs
• more low-income housing in the Madera
• We need county wide rent control or more low-income housing developments. Central Valley is not as affordable as it once was.
• county needs more shelters for homeless
• The homeless are getting younger so what are we lacking in our education system to get these kids on the right track. Drugs are so easily available for kids, We need more after school programs or hang out places for kids since most parents have to work.
• Support service programs that help individuals with barriers before entering trainings or workforce
• most services offered are great, but ESL is very important
• Educate the public of CVOC services through Marketing (radio, news, internet)
• Add journeyman apprenticeships

Introduction

The Department of Community Services and Development (CSD) has developed the 2022/2023 Community Needs Assessment (CNA) and Community Action Plan (CAP) template for the Community Services Block Grant (CSBG) network. Each agency must submit a completed CAP, including a CNA to CSD on or before June 30, 2021. In an effort to reduce administrative burden during the Novel Coronavirus (COVID-19) pandemic, CSD has made changes to the CAP template. The changes are detailed below in the “What’s New for 2022/2023?” section. Provide all narrative responses in 12-point Arial font with 1.5 spacing. When the CNA and CAP are complete, they should not exceed 52 pages, excluding the appendices.

Purpose

Public Law 105-285 (the CSBG Act) and the California Government Code require that CSD secure a CAP, including a CNA from each agency. Section 676(b)(11) of the CSBG Act directs that receipt of a CAP is a condition to receive funding. Section 12747(a) of the California Government Code requires the CAP to assess poverty-related needs, available resources, feasible goals and strategies that yield program priorities consistent with standards of effectiveness established for the program. Although CSD may prescribe statewide priorities or strategies that shall be considered and addressed at the local level, each agency is authorized to set its own program priorities in conformance to its determination of local needs. The CAP supported by the CNA is a two-year plan that shows how agencies will deliver CSBG services. CSBG funds are by their nature designed to be flexible. They shall be used to support activities that increase the capacity of low-income families and individuals to become self-sufficient.

Federal CSBG Programmatic Assurances and Certification

The Federal CSBG Programmatic Assurances are found in section 676(b) of the CSBG Act. These assurances are an integral part of the information included in the CSBG State Plan. A list of the assurances that are applicable to CSBG agencies has been provided in the Federal Programmatic Assurances section of this template. CSBG agencies should review these assurances and certify that they are in compliance.

State Assurances and Certification

As required by the CSBG Act, states are required to submit a State Plan as a condition to receive funding. Information provided in agencies’ CAPs will be included in the CSBG State Plan. Alongside Organizational Standards, the state will be reporting on State Accountability Measures in order to ensure accountability and program performance improvement. A list of the applicable State Assurances and the agency certification for them are found in the State Assurances section of this template.
Compliance with CSBG Organizational Standards

As described in the Office of Community Services (OCS) Information Memorandum (IM) #138 dated January 26, 2015, CSBG agencies will comply with implementation of the Organizational Standards. CSD has identified the Organizational Standards that are met through the completion of the CAP and the CNA. A list of Organizational Standards that will be met upon completion of the CAP can be found in the Organizational Standards section of this template. Agencies are encouraged to utilize this list as a resource when reporting on the Organizational Standards annually.

What’s New For 2022/2023?

Two-Part Layout. The 2022/2023 template has been divided into two parts:

- Part I: Community Needs Assessment (CNA); and
- Part II: Community Action Plan (CAP).

The CNA portion has sections for the needs assessment narrative and the results. Surveys and analysis documents may be attached as appendices. The CAP portion encompasses all the usual topics such as Vision and Mission Statement, Tripartite Board of Directors, Service Delivery System, Linkages, Monitoring, etc.

Revised Public Hearing Section. In addition to including the statute for the public hearing requirement, CSD has incorporated new guidelines for issuing the Notice of Public Hearing and the draft CAP, and documenting low-income testimony delivered at the public hearing. The Low-Income Testimony and Agency Response document will be required as an appendix. See the section on Public Hearing(s) for more details.

CNA Helpful Resources. Part I: Community Needs Assessment contains resources on conducting a needs assessment, influence of COVID-19 on the process, and updated links to state and national quantitative data sets.

Revised and Reduced Narrative Sections. Every effort has been made to reduce the administrative burden of conducting a CNA and preparing a CAP during an active pandemic. Although these tasks are fundamental to CSBG and should not be overlooked, CSD is aware of the reduced capacity and other circumstances under which many of the agencies are functioning. CSD has removed questions, utilized check boxes when possible, and made some questions optional. Many questions about the federal and state assurances have been removed. However, agencies are still required to certify that they are in compliance with the assurances. In the sections pertaining to the Tripartite Board of Directors and Linkages, for instance, agencies may indicate whether there are changes to the response in the 2020-2021 CAP or whether they would like CSD to accept the 2020-2021 CAP response without adaptations. Please keep in mind that these flexibilities are made because of the COVID-19 pandemic and may not be utilized in future years.
**Additional Information.** CSD has added a section to address disaster preparedness and agency capacity building. While this information is not directly mandated by statute, it is important to know agencies have disaster response plans in place and are making efforts to increase their own capacities. Responses to these questions are optional.

**Federal and State Assurances Certification.** Pertaining to the federal and state assurances, CSD removed questions where possible. If compliance to an assurance could be demonstrated without a narrative, the question was removed. However, agencies will still be required to certify that the Federal CSBG Programmatic Assurances and the State Assurances are being met. Agency certifications are found in those sections.

**CSBG State Plan References.** Information for the CSBG State Plan comes largely from CAPs submitted by agencies. To help agencies understand their roll in preparing the CSBG State Plan, CSD has indicated which questions contribute to the development of the annual CSBG State Plan.

Public Hearing(s)
California Government Code Section 12747(b)-(d)

State Statute Requirements
As required by California Government Code Section 12747(b)-(d), agencies are required to conduct a public hearing for the purpose of reviewing the draft CAP. All testimony presented by low-income individuals and families during the public hearing shall be identified in the final CAP. Agencies shall indicate whether or not the concerns expressed by low-income individuals and families have been addressed. If an agency determines that any of the concerns have not been addressed in the CAP, the agency shall include in its response document, information about the concerns and comment as to their validity.

Public Hearing Guidelines

Notice of Public Hearing

1. Notice of the hearing and comment period must be published at least 15 calendar days prior to the public hearing.
2. The notice may be published on the agency’s website, Facebook page, social media channels, and/or in newspaper(s) of local distribution.
3. The notice must include information about the draft CAP; where members of the community may review, or how they may receive a copy of, the draft CAP; the dates of the comment period; where written comments may be sent; date, time, and location of the public hearing; and the agency contact information.
4. The comment period should be open for at least 15 calendar days prior to the hearing. Agencies may opt to extend the comment period for a selected number of days after the hearing.
5. The draft CAP must be made available for public review and inspection at least 30 days prior to the hearing. The draft CAP can be posted on the agency’s website, Facebook page, social media channels, and distributed electronically or in paper format.
6. Attach a copy of the Notice(s) of Public Hearing as Appendix A to the final CAP.

Public Hearing

1. Agencies must conduct at least one public hearing on the draft CAP.
2. Public hearing(s) shall not be held outside of the service area(s).
3. Low-income testimony presented at the hearing or received during the comment period must be memorialized verbatim in the Low-Income Testimony and Agency’s Response document and appended to the final CAP as Appendix B.
4. The Low-Income Testimony and Agency’s Response document should include the name of low-income individual, his/her verbatim testimony, an indication of whether or not the need was addressed in the draft CAP, and the agency’s response to the testimony if the concern was not addressed in the draft CAP.
**Guidance for Public Hearings During COVID-19**

The COVID-19 pandemic poses unique challenges to fulfilling the public hearing requirement. CSD asks that agencies adhere to state and county public health guidance to slow the spread of the virus and ensure public safety. The health and safety of agency staff and the communities you serve is paramount. If a public hearing cannot be conducted in person, CSD encourages agencies to utilize other formats or methods that will still adhere to the state and county public health guidance. If conducting a public hearing through other formats or methods is still not possible, agencies must contact their Field Representative at CSD at least 30 days prior to the submission of the CAP for additional guidance. Agencies will be required to provide documentation to support their constraints to meet the public hearing requirement.

**Public Hearing Report**

| Date(s) of Public Hearing(s) | June 18, 2021 |
| Location(s) of Public Hearing(s) | Zoom |
| Dates of the Comment Period(s) | June 1, 2021 – June 23, 2021 |
| Where was the Notice of Public Hearing published? (agency website, newspaper, social media channels) | Website, Facebook, newspapers, various social service agencies, CVOC Centers, Handed out at outreach events. |
| Date the Notice(s) of Public Hearing(s) was published | June 1, 2021 |
| Number of Attendees at the Public Hearing(s) (Approximately) | |
Part I: Community Needs Assessment
CSBG Act Section 676(b)(11)
California Government Code Section 12747(a)

Helpful Resources

In 2011, NASCSP published a Community Action to Comprehensive Community Needs Assessment Tool that supports planning and implementing a comprehensive CNA. The tool lays out design choices, planning steps, implementation practices, analysis, and presentation options.

The National Community Action Partnership has resources such as an online Community Needs Assessment Tool and information about conducting a needs assessment during the COVID-19 pandemic. The Partnership also has a Data Hub designed specifically for the community needs assessment process.

To provide a comprehensive “picture” of the community needs in your service area(s), agencies will collect and analyze both quantitative and qualitative data. Links to several national and state quantitative data sets are given below. Local and agency data also provide information about the needs of the community.

<table>

Community Needs Assessment Narrative
CSBG Act Sections 676(b)(3)(C), 676(b)(9)
Organizational Standards 1.1, 1.2, 2.2, 3.2, 3.3, 3.4
State Plan

1. How did the agency share the CAP, including the CNA, with the community, stakeholders, partner organizations? (Check all that apply.)
   - ☒ The agency’s website
   - ☒ Posted on the agency’s Facebook page
   - ☐ Electronic reports were sent
   - ☐ Printed copies were distributed
   - ☐ Social media channels
   - ☒ Other – Zoom Meeting

2. Describe how your agency collected and included current data specific to poverty and its prevalence related to gender, age, and race/ethnicity for your service area. (Organizational Standard 3.2, State Plan)

Since specific data related to migrant and seasonal farmworkers’ poverty rates and its prevalence related to gender, age, and race/ethnicity are not contained in the US Census data, CVOC uses data from The California Farm Labor Force Overview and Trends from the National Agricultural Workers Survey (NAWS) as well as other local data as referenced in the Migrant and Seasonal Farmworker Community Needs Assessment. CVOC also includes data compiled as part of the Workforce Investment and Opportunities Migrant and Seasonal Farmworker (WIOA 167 MSFW) Program Plan submitted to Department of Labor. CVOC includes program data collected via our agency data bases to determine poverty rates based on various demographics.

3. Describe the geographic location(s) that your agency is funded to serve. If applicable, include a description of the various pockets, high-need areas, or neighborhoods of poverty that are being served by your agency.

CVOC services the low-income migrant seasonal farm worker community in the heart of California’s agriculturally rich San Joaquin Valley. The fertile soil, flat land, climate, and systems of irrigation canals have made the San Joaquin Valley one of the highest agricultural producing regions of California’s agriculture industry. CVOC’s Migrant and Seasonal Farmworker service area is made up of both rural farm land, and metropolitan areas which are predominately located in close to
Interstate 5, and Highway 99 that pass through the counties. CVOC provides CSBG/MSFW funded services all throughout Merced, Madera, Mariposa, Tuolumne, and Stanislaus Counties in both the metropolitan and rural areas of each county. CVOC has established psychical locations in Winton, Modesto, Ceres and Madera with additional services provided to more rural areas through our customized bus that is equipped with desks, printers, and WIFI.

### 4. Indicate from which sources your agency collected and analyzed quantitative data for the CNA. (Check all that apply.) (Organizational Standard 3.3)

**Federal Government/National Data Sets**
- ☒ Census Bureau
- ☒ Bureau of Labor Statistics
- ☒ Department of Housing & Urban Development
- ☐ Department of Health & Human Services
- ☐ National Low-Income Housing Coalition
- ☒ National Center for Education Statistics
- ☐ Other online data resources
- ☒ Other

**California State Data Sets**
- ☒ Employment Development Department
- ☒ Department of Education
- ☐ Department of Public Health
- ☐ Attorney General
- ☐ Department of Finance
- ☒ State Covid-19 Data
- ☐ Other

**Local Data Sets**
- ☐ Local crime statistics
- ☐ High school graduation rate
- ☐ School district school readiness
- ☐ Local employers
- ☐ Local labor market
- ☐ Childcare providers
- ☐ Public benefits usage
- ☒ County Public Health Department
- ☐ Other

**Agency Data Sets**
- ☒ Client demographics
- ☒ Service data
- ☒ CSBG Annual Report
- ☒ Client satisfaction data
- ☐ Other

### 5. If you selected “Other” in any of the data sets in Question 4, list the additional sources.

CVOC used public records and data for research of Migrant and Seasonal Farmworkers using
NAWS, NASS, Census, other reports, and community assessments.

6. Indicate the approaches your agency took to gather qualitative data for the CNA. (Check all that apply.) (Organizational Standard 3.3)

**Surveys**
- ☒ Clients
- ☒ Partners and other service providers
- ☒ General public
- ☒ Staff
- ☒ Board members
- ☒ Private sector
- ☒ Public sector
- ☒ Educational institutions

**Focus Groups**
- □ Local leaders
- □ Elected officials
- □ Partner organizations’ leadership
- □ Board members
- □ New and potential partners
- □ Clients
- □ Staff

**Interviews**
- □ Local leaders
- □ Elected officials
- □ Partner organizations’ leadership
- □ Board members
- □ New and potential partners
- □ Clients

**Community Forums**
- ☒ Asset Mapping

**Other**

7. If you selected “Other” in Question 6, please list the additional approaches your agency took to gather qualitative data.

CVOC uses public records to conduct research of Migrant and Seasonal Farmworkers in all five counties using NAWS, NASS, Census, other reports and community assessments.

8. Describe your agency’s analysis of the quantitative and qualitative data collected from low-income individuals and families. Include a description of the data collected. (Organizational Standards 1.1, 1.2, 3.3; State Plan)

Central Valley Opportunity Center analysis of the needs of the farmworker population of Merced, Madera, Mariposa, Stanislaus and Tuolumne County consisted of a review of CVOC’s Strategic Plan, review of current program operations, evaluation of program effectiveness, community needs assessment meetings, solicitation of input from the farmworker community, coordination meetings with other service providers as well as examination of the agriculture workers community profile and identified needs of the farmworkers of our services area. CVOC conducted a Community Needs Survey as part of the annual planning process and sent surveys out to stakeholders. The results of this Community Needs Surveys are included in the Community Needs Assessment. The Strategic
Planning process included a comprehensive Needs Assessment of the CVOC service areas, low-income and target communities, client populations, client satisfaction, service organizations and the agency itself.

As a part of the preparation of the 2022/2023 Community Action Plan – Migrant and Seasonal Farmworkers, CVOC completed a Community Needs Assessment during March, April and the early part of May. The Community Needs Assessment was designed to identify the causes and conditions of poverty of migrant and seasonal farmworkers in CVOC Service Area as well as the needs of farmworkers. In addition, CVOC sought out input from stakeholders on the service priorities. Using information gather though the Community Needs Assessment, an analysis of both qualitative (data that was gathered through surveys, at community meetings, input from CVOC staff and farmworker clients, input from local agencies) and quantitative data (statistics gathered from Census data and other sources), CVOC developed the Community Needs Assessment that is reflective of the input of data these 2 data gathering methods.

9. Summarize the data gathered from each sector of the community listed below and detail how your agency used the information to assess needs and resources in your agency’s service area(s). Your agency must demonstrate that each sector was included in the needs assessment; A response for each sector is required. (CSBG Act Sections 676(b)(3)(C), 676(b)(9); Organizational Standard 2.2; State Plan)

A. Community-based organizations

CVOC utilized the Community Needs Assessment Survey and 9 Community Meetings were conducted both in person in (3 in Madera, 3 in Merced and 3 in Stanislaus counties), and virtually to survey all sectors of the community. Links to online surveys and Zoom meeting invitations were emailed out to all CVOC community-based organization within CVOC partnerships. Results from completed surveys were entered on an Excel spreadsheet and analyzed to determine responses from the various entities. The Survey asked respondents to identify which sector they represent and this information was analyzed to determine the input by sector. During Community Meetings, any verbal input from representative of these sectors was also included in CVOC Community Needs Assessment. Please see Needs Identified Table included in the Community Needs Assessment as Appendix C.
B. Faith-based organizations

CVOC utilized the Community Needs Assessment Survey and 9 Community Meetings were conducted both in person in (3 in Madera, 3 in Merced and 3 in Stanislaus counties), and virtually to survey all sectors of the community. Links to online surveys and Zoom meeting invitations were emailed out to all CVOC faith-based organization within CVOC partnerships. Results from completed surveys were entered on an Excel spreadsheet and analyzed to determine responses from the various entities. The Survey asked respondents to identify which sector they represent and this information was analyzed to determine the input by sector. During Community Meetings, any verbal input from representative of these sectors was also included in CVOC Community Needs Assessment. During the collection of surveys, faith-based organization staff mentioned homelessness services, utility assistance, rental assistance, transportation assistance, and job training as the top five needs in the community. Please see Needs Identified Table included in the Community Needs Assessment as Appendix C.

C. Private sector (local utility companies, charitable organizations, local food banks)

CVOC utilized the Community Needs Assessment Survey and 9 Community Meetings were conducted both in person in (3 in Madera, 3 in Merced and 3 in Stanislaus counties), and virtually to survey all sectors of the community. Links to online surveys and Zoom meeting invitations were emailed out to all CVOC private sector partners within CVOC partnerships. Results from completed surveys were entered on an Excel spreadsheet and analyzed to determine responses from the various entities. The Survey asked respondents to identify which sector they represent and this information was analyzed to determine the input by sector. During Community Meetings, any verbal input from representative of these sectors was also included in CVOC Community Needs Assessment. Please see Needs Identified Table included in the Community Needs Assessment as Appendix C. During the collection of surveys individuals from private sector mentioned the need for substance abuse counseling, youth programs, English classes for farmworkers, AgTech repair training, mortgage/rent payments, citizenship test workshops, and PPE and COVID19 vaccines.

D. Public sector (social services departments, state agencies)

CVOC utilized the Community Needs Assessment Survey and 9 Community Meetings were conducted both in person in (3 in Madera, 3 in Merced and 3 in Stanislaus counties), and virtually to
survey all sectors of the community. Links to online surveys and Zoom meeting invitations were emailed out to all CVOC public sector partners within CVOC partnerships. Results from completed surveys were entered on an Excel spreadsheet and analyzed to determine responses from the various entities. The Survey asked respondents to identify which sector they represent and this information was analyzed to determine the input by sector. During Community Meetings, any verbal input from representative of these sectors was also included in CVOC Community Needs Assessment. Please see Needs Identified Table included in the Community Needs Assessment as Appendix C.

E. Educational institutions (local school districts, colleges)

CVOC utilized the Community Needs Assessment Survey and 9 Community Meetings were conducted both in person in (3 in Madera, 3 in Merced and 3 in Stanislaus counties), and virtually to survey all sectors of the community. Links to online surveys and Zoom meeting invitations were emailed out to all CVOC Community-based organization within CVOC partnerships. Results from completed surveys were entered on an Excel spreadsheet and analyzed to determine responses from the various entities. The Survey asked respondents to identify which sector they represent and this information was analyzed to determine the input by sector. During Community Meetings, any verbal input from representative of these sectors was also included in CVOC Community Needs Assessment. Please see Needs Identified Table included in the Community Needs Assessment as Appendix C. During the collection of surveys, staff from educational institutions mentioned the need for low income housing, homeless shelters, food assistance, utility assistance, substance abuse counseling, youth programs, job trainings, and direct relief payments to low income individuals.

10. “Causes of poverty” are the negative factors that create or foster barriers to self-sufficiency and/or reduce access to resources in communities in which low-income individuals live. After review and analysis of the data, describe the causes of poverty in your agency’s service area(s). (Organizational Standard 3.4, State Plan)

Unemployment/Working Poor: Farmworkers who are unable to obtain employment in seasonal agriculture, lack specific vocational skills in occupations that would enable them compete for full-time, year-round employment opportunities both within and outside agriculture. Farmworker clients who have acquired new skills are forced to compete with highly skilled applicants for entry-level positions. The newly trained workers require assistance in job-search techniques in order to be able to obtain employment in skilled occupations.
Homelessness: Homeless and those at risk of becoming homeless cite lack of affordable housing, low wages and seasonal employment, lack of education and job skills as well as drug, alcohol and mental health issues are at the root of their homelessness. Addressing the varied problems of the chronic homeless clients is a challenge facing agencies addressing the homeless problem. Most successful programs and services are directed at those that are homeless due to lack of job skills, loss of employment, or need temporary shelter/rent assistance to avoid becoming homeless.

Lack of Transportation: Transportation: Farmworkers residing in the rural areas cited a lack of public transportation in their communities created problems when seeking employment, training, education, and other needed services. Since many of the services are only available in the larger cities, those in rural areas had less access due to transportation issues. Farmworkers who lacked reliable private vehicles cited that job opportunities in the large cities were not accessible without public transportation. Since education and training programs and facilities are located in major cities, transportation was an issue preventing farmworkers residing in the rural communities from the ability to access these services.

Illiteracy/Low Educational Attainment: Illiteracy/High School Drop-out Rates: Recent immigrants and the large farmworker and Hispanic populations are limited in their ability to read, write and speak English. This problem manifests itself in two ways: (1) those who have marketable job skills are often denied work because their English skills are limited and, (2) are unable to receive training for jobs due to their inability to understand written and spoken English. Persons who have not attained a High School Diploma or GED cannot find employment other than field work or other unskilled labor. Most employers require a minimum educational level of at least high school. Even lower skilled employment requires basic reading and math skills at the high school level. High School drop-outs are more likely to live in poverty, become involved in criminal activity, and have high incidences of drug and alcohol abuse. According to the California Department of Education Migrant students have a 11.1% drop out rate for school year 2019/2020.

Lack of Affordable Housing: Farmworkers who are unemployed, or have been employed in part-time or seasonal work cited the rising cost of housing as a major problem. Farmworker housing is limited due to the number of migrant center units available for year-round occupancy. Farmworkers that must leave temporary farmworker housing find that safe, adequate and affordable housing is difficult to obtain. Farmworker clients state that most of their income is spent paying their rent which
leave little left to pay utilities, phone and other basic needs.

**Unforeseen Emergency Services:** Migrant and Seasonal Farmworker families do not have the financial resources to handle even minor emergencies. Due to the seasonal nature of agriculture employment, farmworkers do not always have an income. Farmworker families often require assistance for travel, health, food, housing, clothes or other one-time needs.

**Community Resources:** Farmworkers cited a lack of resources in their communities. Limited resources that provide direct assistance to the low-income clients do not always reach those most in need. Farmworker residents were concerned that there was not enough information available on how to apply for services and which agencies were providing the services. Although there are services to assist the low-income population, certain segments of the low-income population such are farmworkers, limited English speaking individuals, recent immigrants, clients residing in rural communities and youth lack the knowledge of available community resources. These resources can provide housing, transportation, childcare, etc., but often fail to reach these segments of the low-income communities.

**COVID-19:** The coronavirus pandemic has pushed more people into poverty through the loss of income either due to a sudden death, or job loss. The pandemics has disproportionately affected minority and low-income communities. In California farmworkers have three times the rate of infection than other residents.

11. “Conditions of poverty” are the negative environmental, safety, health and/or economic conditions that may reduce investment or growth in communities where low-income individuals live. After review and analysis of the data, describe the conditions of poverty in your agency’s service area(s). (Organizational Standard 3.4, State Plan)

**Safety:** The lack of safety in farmworker communities reduces the growth of low-income individuals in those neighborhoods. Residents of farmworker communities cite crime and gang violence in their communities as a major problem. Farmworkers are vulnerable in terms of the being able to recover from the personal impact of crimes due to lack of resources to replace property, obtain needed medical attention, relocate to safer areas, or to report a crime for fear of deportation.

Gang related activities have been at the center of many forums and discussions within CVOC MSFW Service Area. While most community leaders, agencies and law enforcement have spent time and resources on gang prevention, there is no easy solution to the problem of organized gang crimes. Most agencies focus on gang prevention through the provision of services to deter youth
and young adults from joining gang and committing crimes.

Health and Access: Poor health and access to healthcare can reduce an individual’s chances of employment and income earning potential. Residents of the farmworker communities are not able to access health care for a variety of reasons. New state regulations require everyone to have health insurance and those who have failed to purchase health insurance or enroll into free medical insurance cite the lack of health care and availability of facilities as a major concern. Health care costs continue to rise and low-cost, no cost clinics are unable to meet the needs of those who lack health care insurance. Lack of knowledge of how to access health insurance appears to be a problem for those that are socially isolated due to language barriers or legal residency issues.

The University of California Global Health Institute reported that Farmworker are at increased risk for a number of important non-occupational conditions like obesity and diabetes; and occupational conditions like injury or respiratory illnesses. The report found that there is a lack of primary care services in the San Joaquin Valley, especially south of San Joaquin County, which is where CVOC MSFW service area is located.

Economic Conditions: Poor economic conditions reduce the growth of the farmworker community in CVOC MSFW service area. Farmworker clients and local service groups, who responded to CVOC’s Community Needs Survey, cited unemployment and lack of adequate income from employment (working poor) as a contributing factor to most other problems facing the farmworker and low-income communities. For the month of April, the unemployment rate in CVOC’s MSFW service area ranges from 7.8 -10.9%. The average wage for a farmworker is $13.43 an hour, however seasonal employment and piece rate pay make farmworker’s annual income far less than the hourly rate would suggest.

12. Describe your agency’s approach or system for collecting, analyzing, and reporting customer satisfaction data to the governing board. (Organizational Standard 6.4, State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

**Needs Identified:** List the needs identified in your most recent CNA.

**Level:** List the need level, i.e. community or family. **Community Level:** Does the issue impact the community, not just clients or potential clients of the agency? For example, a community level employment need is: There is a lack of good paying jobs in our community. **Family Level:** Does the need concern individuals/families who have identified things in their own life that are lacking? An example of a family level employment need would be: Individuals do not have good paying jobs.

**Integral to Agency Mission:** Indicate if the identified need aligns with your agency’s mission.

**Currently Addressing:** Indicate if your agency is already addressing the identified need.

**Agency Priority:** Indicate if the identified need will be addressed either directly or indirectly.

**Agency Priorities:** Rank your agency priorities.

**Description of programs, services, activities:** Briefly describe the program, services or activities that your agency will provide to address the need. Identify the number of clients to be served or the number of units offered, including timeframes for each.

**Indicator/Service Category (CNPI, FNPI, SRV):** List the indicator(s) or service(s) that will be reported in annual report.
Part II: Community Action Plan
CSBG Act Section 676(b)(11)
California Government Code Sections 12745(e), 12747(a)
California Code of Regulations, Title 22, Division 11, Chapter 1, Sections 100651 and 100655

Vision and Mission Statement

1. Provide your agency’s Vision Statement.

Our vision is that people in our communities have stable and secure futures.

2. Provide your agency’s Mission Statement.

Our mission is to provide employment, skills training, education, and emergency services to improve the quality of life for farmworkers and underserved members in our communities.
### Tripartite Board of Directors

**CSBG Act Sections 676B(a); 676(b)(10)**  
California Code of Regulations, Title 22, Division 11, Chapter 1, Section 100605  
State Plan

1. Describe how your Advisory or Governing Board is involved in the decision-making process and participates in the development, planning, implementation and evaluation of programs to serve low-income communities. (CSBG Act Section 676B(a))

- **☒** No change to the response in your agency's 2020-2021 CAP.
- **☐** Adaptations to the response in your agency's 2020-2021 CAP are described below.

2. Describe your agency's procedures under which a low-income individual, community organization, religious organization, or representative of low-income individuals that considers its organization or low-income individuals to be inadequately represented on your agency's board to petition for adequate representation. (CSBG Act Section 676(b)(10), State Plan)

- **☒** No change to the response in your agency's 2020-2021 CAP.
- **☐** Adaptations to the response in your agency's 2020-2021 CAP are described below.

3. Describe your Advisory or Governing Board’s policy for filling board vacancies in accordance with established bylaws. Include the recruiting process, democratic selections process for low-income board members, and the timeframe established by your agency to fill vacancies. (State Plan)

- **☒** No change to the response in your agency's 2020-2021 CAP.
- **☐** Adaptations to the response in your agency's 2020-2021 CAP are described below.
**Service Delivery System**

CSBG Act Section 676(b)(3)(A)
State Plan

1. **Describe your agency’s service delivery system. Include a description of your client intake process or system and specify whether services are delivered via direct services or subcontractors, or a combination of both. (CSBG Act Section 676(b)(3)(A), State Plan)**

CVOC will comply with the requirement to serve eligible beneficiaries as defined by Government Code Section 12730(f). CVOC performs intake and eligibility determinations on all clients seeking any type of financial assistance under the CSBG/MSFW program/s. CVOC has developed a Client Intake/Eligibility system which ensures that clients are eligible to receive services. CVOC’s Management Information Systems provides for proper documentation of eligibility for services. CVOC allows for self-certification for short-term services when clients are not able to produce verification of income. However, CVOC has access to EDD Wage Report verification information and in most cases can obtain some proof on income to determine that the client meets the income eligibility for services. CVOC’s service delivery system focuses heavily on Family Self-Sufficiency activities due to the serious family development needs of the migrant and seasonal farmworker populations. Given the socio-economic conditions of the agricultural workers and taking into consideration economy, labor market and growth occupations, CVOC’s strategy provides services that remove common employment barriers, provide job skills training, and job placement assistance with the goal of self-sufficiency.

2. **List your agency’s proposed programs/services/activities that will be funded by CSBG. Include a brief explanation as to why these were chosen and how they relate to the CNA. (CSBG Act Section 676(b)(3)(A), State Plan)**

Job Skills: Vocational training in a variety of demand occupations is an integral part of CVOC’s planned CSBG/MSFW Program. Vocational training is designed to provide the migrant and seasonal farmworker clients, who face a number of barriers to employment, with the skills necessary to compete for full-time employment in the demand occupations in the CVOC MSFW Service Area. CVOC provides technical skills training which responds to the current competitive labor market. CSBG/MSFW dollars will support staff involved in Outreach, Intake/Case Management, vocational training costs, direct client training-related support services.
Language Skills: Migrant and seasonal farmworker clients who have limited or lack English language proficiency are provided English-as-a-Second Language instruction by utilizing local educational agencies when available and through in-house ESL classroom instruction in CVOC training centers. This program is designed to provide limited English speakers with Basic English skills, which will enhance their ability to obtain employment. CVOC also provides the limited English-speaking clients with mini-curriculums in basic computer usage, word processing and Internet usage. CSBG/MSFW dollar will support ESL instructional staff and related materials.

Remedial Education: Remedial educational instruction in Math, English, Reading and Writing skills are provided through local educational agencies and through instruction at CVOC. GED instruction is provided for farmworkers who lack a high school diploma. Basic high school education is required for most positions; providing clients with this educational requirement enhances their employability. CSBG/MSFW dollars will support GED instructional staff and materials.

Availability of Jobs: The Workforce Investment structure provides linkages with economic development efforts and access to newly created jobs for our farmworker clients. Job Developers work with private business in developing new job opportunities and negotiating On-the-Job-Training (OJT) contracts to assist CVOC farmworker clients in obtaining that "first job." Due to the barriers facing migrant and seasonal farmworker in transitioning from seasonal/temporary employment to a full time year-round employment, job development is a necessary activity for successful transition into permanent employment. CSBG/MSFW dollars will support Job Development staff, OJT contract costs, direct assistance to clients in support of employment attainment and retention.

Youth Program: Migrant and seasonal farmworker youth that are at risk of dropping out of school or are at risk of not being able to obtain their High School Diploma are provided with summer educational high school credit attainment program. In-school migrant youth are provided with paid work experience to gain basic work skills and be able to earn money while staying in school. CSBG/MSFW dollars will support Youth Program support and instructional staff and program services costs.

Emergency Intervention: The immediate human need and suffering of the farmworker population cannot be ignored. CVOC staff performs casework for those in need of emergency services. These services are primarily referral and follow through to emergency services already available in the community such as shelter, food, and health care and financial aide. CVOC also provides direct
emergency supportive services such as food vouchers, clothing, shelter and transportation assistance (gas, car repairs, bus fare, etc.) through federal, state and local funding resources. CSBG/MSFW dollars will support Case Management staff, direct emergency services provided to clients.

Development of Resources: CSBG/MSFW activities and services are dependent on the ability of the agency to continue to receive current and new funding that enhances and increases the programs and services CVOC provides. Fund development activities are essential to any agency seeking to increase services and add new programs to meet the needs of the farmworker and low-income communities. Collaboration and Coordination activities are also an integral part program services expansion and development. CSBG dollars will support Planning and Development Department salaries and fringe.
### Linkages and Funding Coordination

CSBG Act Sections 676(b)(1)(B) and (C), (3)(C) and (D), 676(b)(4), (5), (6), and (9)
California Government Code Sections 12747, 12760
Organizational Standards 2.1, 2.4
State Plan

<table>
<thead>
<tr>
<th>1. Describe how your agency coordinates funding with other providers in your service area. If there is a formalized coalition of social service providers in your service area, list the coalition(s) by name and methods used to coordinate services/funding. (CSBG Act Sections 676(b)(1)(C), 676(b)(3)(C); Organizational Standard 2.1; State Plan)</th>
</tr>
</thead>
<tbody>
<tr>
<td>CVOC coordinates the CSBG/MSFW Program with all other programs operated by the agency or other agencies that serve the migrant and seasonal farmworker population of CVOC’s Farmworker Service Area. Central Valley Opportunity Center pursues a course of community involvement and cooperation for the maximum utilization of resources. CVOC is participating in several of the current efforts to coordinate and improve the provision of education and employment services. These projects include Welfare to Work, School to Work and One Stop Shop initiatives. CVOC’s approach is to provide farmworker clients with supportive services through an active referral program to community resources capable of providing the desired service. Relations with other service deliverers have been established through financial and non-financial agreements. Other cooperative relationships have been developed through 40 years of working together to improve our communities.</td>
</tr>
</tbody>
</table>

<table>

<th>2. Provide information on any memorandums of understanding and/or service agreements your agency has with other entities regarding coordination of services/funding. (Organizational Standard 2.1, State Plan)</th>
</tr>
</thead>
<tbody>
<tr>
<td>CVOC has active representation on the Madera, Merced and Stanislaus County Workforce Innovation and Opportunities (WIOA) Boards and MOU and service agreements that include the development of policies and service systems to increase employment and training services to migrant/seasonal farmworkers and other dislocated agricultural workers. CVOC has a service MOU agreement with the Human Services Departments in, Merced, Madera and Stanislaus County and has partnered with these agencies on Welfare to Work projects. CVOC has operated several projects in conjunction with the local Employment Development Department for providing Rapid Response for dislocated agricultural workers. CVOC has developed service partner agreement</td>
</tr>
</tbody>
</table>
with Migrant Education in Merced and Stanislaus County to provide work experience to migrant youth clients. CVOC partners with the Merced County Office of Education to provide a Summer Migrant Youth education program. During 2021 in response to the COVID-19 pandemic, CVOC developed partnerships with the County of Madera, Merced and Stanislaus agencies to coordinate and provide direct services to farmworkers.

3. Describe how services are targeted to low-income individuals and families and indicate how staff is involved, i.e. attend community meetings, provide information, make referrals, etc. Include how you ensure that funds are not used to duplicate services. (CSBG Act Section 676(b)(9), California Government Code Section 12760, State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

4. Describe how your agency will leverage other funding sources and increase programmatic and/or organizational capacity. (California Government Code Section 12747, State Plan)

CVOC’s strives to maximize services by leveraging CSBG/MSFW funds with other public and private resources both within the agency and through participation in cooperative programs with other agencies. Some examples of this includes; CVOC utilizes Workforce Innovation and Opportunity Act funds to augment CSBG/MSFW employment in training activities for migrant and seasonal farmworkers and dislocated agriculture workers. CVOC utilizes High School Equivalency (HEP) funds to enhance CSBG/MSFW services in the areas of high school diploma and GED attainment. CVOC has received various emergency assistance and jobs programs targeted to farmworkers and other dislocated agricultural workers CVOC’s receives funding for farmworker housing and utility assistance. Through the leveraging of these resources and other resources, CVOC provides a much broader range of services and more comprehensive activities to our farmworker clients.

5. Describe your agency’s contingency plan for potential funding reductions. (California Government Code Section 12747, State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.
6. Describe how your agency documents the number of volunteers and hours mobilized to support your activities. (Organizational Standard 2.4)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

7. Describe how your agency will address the needs of youth in low-income communities through youth development programs and promote increased community coordination and collaboration in meeting the needs of youth. (CSBG Act Section 676(b)(1)(B), State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

8. Describe how your agency will promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs such as the establishment of violence-free zones, youth mediation, youth mentoring, life skills training, job creation, entrepreneurship programs, after-school child care. (CSBG Act Section 676(b)(1)(B), State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

9. If your agency uses CSBG funding to provide employment and training services, describe the coordination of employment and training activities as defined in Section 3 of the Workforce and Innovation and Opportunity Act [29 U.S.C. 3102]. (CSBG Act Section 676(b)(5), State Plan)

CVOC provides employment and training activities funded directly with CSBG/MSFW fund which are coordinated with funding CVOC receives from the Department of Labor Workforce Innovation and Opportunity Act (WIOA 167) Migrant and Seasonal Farmworker, WIOA Housing and Workforce Innovation and Opportunity Act (WIOA) and Dislocation Agriculture Worker Program. CSBG funds are used to augment the employment and training activities and services through increased family development activities, increased vocational training opportunities, additional
provisions of support services and emergency services, additional job search and retention services, support for special projects, and transportation services which allows clients to participate in WIOA programs.

10. Describe how your agency will provide emergency supplies and services, nutritious foods, and related services, as may be necessary, to counteract conditions of starvation and malnutrition among low-income individuals. (CSBG Act Section 676(b)(4), State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

11. Describe how your agency coordinates with other antipoverty programs in your area, including the emergency energy crisis intervention programs under title XVI (relating to low-income home energy assistance) that are conducted in the community. (CSBG Act Section 676(b)(6), State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

12. Describe how your agency will use funds to support innovative community and neighborhood-based initiatives, which may include fatherhood and other initiatives, with the goal of strengthening families and encouraging effective parenting. (CSBG Act Section 676(b)(3)(D), State Plan)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.
Monitoring
CSBG Act Section 678D(a)(1)(A) and (B)

1. Describe how your agency’s monitoring activities are related to establishing and maintaining the integrity of the CSBG program. Include your process for maintaining high standards of program and fiscal performance.

CVOC utilizes the following systematic approach to monitoring all grants and programs operated by the agency:

Compliance Monitoring: To ensure that the requirements of a specified agreement or document are met. These are the Act Regulations, Annual Plan and any sub-agreement entered into under this grant as the documents against which compliance is monitored.

Plan versus Actual Monitoring: Provides CVOC with current information on the extent to which programs and various components are achieving goals in the Annual Plan or sub-grant contract. Using MIS reports, an analysis can be used to assess progress toward goals and objectives, to identify existing or emerging problems, and to indicate if corrective action should be initiated.

Managerial Monitoring: To review the quality of the program and effectiveness of services to participants. Program planners will "troubleshoot" problems identified through desk or compliance review, determine corrective action, provide technical assistance, and provide daily liaison with the agency or program to ensure that corrective action occurs.

Monitoring activities are operated through CVOC’s Planning unit. Additional monitoring is conducted by CVOC Board of Directors through review of reports to the board and evaluations of the Strategic Plan goals and outcomes. CVOC conducts annual and monthly program evaluations. Program design includes performance measures, as well as procedures for obtaining required information, in order to conduct evaluation of the programs.

2. If your agency utilizes subcontractors, please describe your process for monitoring the subcontractors. Include the frequency, type of monitoring, i.e., onsite, desk review, or both, follow-up on corrective action, and issuance of formal monitoring reports.

N/A – CVOC does not use subcontractors.
Data Analysis and Evaluation
CSBG Act Section 676(b)(12)
Organizational Standards 4.2, 4.3

1. Describe your agency’s method for evaluating the effectiveness of programs and services. Include information about the types of measurement tools, the data sources and collection procedures, and the frequency of data collection and reporting. (Organizational Standard 4.3)

CVOC has a formal monitoring and evaluation structure which is utilized for controlling all the corporation’s activities. The following brief outline summarizes the steps which are taken to track and report the CSBG program’s progress.

- At the start of each program year, staff receive an orientation to the goals and activities of the program. Reporting forms and requirements are distributed and reviewed to ensure an understanding of the required reporting procedures.
- In-house reports are submitted by staff on a monthly basis to the County Director, who reviews them for completeness, accuracy and to determine the level of activity within each component of the program. Based on this information, the County Director will make staffing changes or other program modifications. The County Director submits reports to the Planning Unit before the 5th working day of each month.
- The Planning Unit prepares reports or will directly notify the Executive Director of program performance levels and areas of concern. Quarterly reports are submitted to the Executive Director for review and submission.

2. Applying the Results Oriented Management and Accountability (ROMA) cycle of assessment, planning, implementation, achievement of results, and evaluation, describe one change your agency made to improve low-income individuals’ and families’ capacity for self-sufficiency. (CSBG Act Section 676(b)(12), Organizational Standard 4.2)

☒ No change to the response in your agency’s 2020-2021 CAP.
☐ Adaptations to the response in your agency’s 2020-2021 CAP are described below.

3. Applying the full ROMA cycle, describe one change your agency facilitated to help revitalize the low-income communities in your agency’s service area(s). (CSBG Act Section 676(b)(12), Organizational Standard 4.2) (Optional)
**Additional Information (Optional)**

**Disaster Preparedness**

1. Does your agency have a disaster plan in place that includes strategies on how to remain operational and continue providing services to low-income individuals and families during and following a disaster?
   - ☐ Yes
   - ☒ No

2. If so, when was the disaster plan last updated?

3. Briefly describe your agency’s main strategies to remain operational during and after a disaster.
   
   CVOC's internal methods of remaining operational during a disaster require that management teams meet to develop written plans and procedures in response to the disaster. Rather than a single plan, CVOC has a method of development of a response to a disaster which includes a written plan/directive/s specific to the need to remain operational.

**Agency Capacity Building**

1. Although the CNA focused on Community and Family Level needs, if your agency identified Agency Level need(s) during the CNA process, list them here.

2. Describe the steps your agency is planning to take to address the Agency Level need(s).
Use of CSBG Funds Supporting Local Activities

676(b)(1)(A): The state will assure “that funds made available through grant or allotment will be used – (A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farmworkers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--

i. to remove obstacles and solve problems that block the achievement of self-sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);

ii. to secure and retain meaningful employment;

iii. to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;

iv. to make better use of available income;

v. to obtain and maintain adequate housing and a suitable living environment;

vi. to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;

vii. to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to

I. document best practices based on successful grassroots intervention in urban areas, to develop methodologies for wide-spread replication; and

II. strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

Needs of Youth

676(b)(1)(B) The state will assure “that funds made available through grant or allotment will be used – (B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

I. programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and

II. after-school childcare programs.
Coordination of Other Programs

676(b)(1)(C) The state will assure “that funds made available through grant or allotment will be used – (C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

Eligible Entity Service Delivery System

676(b)(3)(A) Eligible entities will describe “the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;

Eligible Entity Linkages – Approach to Filling Service Gaps

676(b)(3)(B) Eligible entities will describe “how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations.”

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

676(b)(3)(C) Eligible entities will describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources.”

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

676(b)(3)(D) Eligible entities will describe “how the local entity will use the funds [made available under 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting.”

Eligible Entity Emergency Food and Nutrition Services

676(b)(4) An assurance “that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.”

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

676(b)(5) An assurance “that the State and eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act.”

State Coordination/Linkages and Low-income Home Energy Assistance

676(b)(6) “[A]n assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such community.”
Community Organizations

676(b)(9) An assurance “that the State and eligible entities in the state will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations.”

Eligible Entity Tripartite Board Representation

676(b)(10) “The State will require each eligible entity in the state to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation.”

Eligible Entity Community Action Plans and Community Needs Assessments

676(b)(11) “An assurance that the State will secure from each eligible entity in the state, as a condition to receipt of funding by the entity through a community service block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State Plan) that includes a community needs assessment for the community serviced, which may be coordinated with the community needs assessment conducted for other programs.”

State and Eligible Entity Performance Measurement: ROMA or Alternate System

676(b)(12) “An assurance that the State and all eligible entities in the state will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to section 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization.”

Fiscal Controls, Audits, and Withholding

678D(a)(1)(B) An assurance that cost and accounting standards of the Office of Management and Budget (OMB) are maintained.

☒ By checking this box and signing the Cover Page and Certification, the agency’s Executive Director and Board Chair are certifying that the agency meets the assurances set out above.
State Assurances and Certification
California Government Code Sections 12747(a), 12760, 12768

**California Government Code § 12747(a):** Community action plans shall provide for the contingency of reduced federal funding.

**California Government Code § 12760:** CSBG agencies funded under this article shall coordinate their plans and activities with other agencies funded under Articles 7 (commencing with Section 12765) and 8 (commencing with Section 12770) that serve any part of their communities, so that funds are not used to duplicate particular services to the same beneficiaries and plans and policies affecting all grantees under this chapter are shaped, to the extent possible, so as to be equitable and beneficial to all community agencies and the populations they serve.

**For MSFW Agencies Only**

**California Government Code § 12768:** Migrant and Seasonal Farmworker (MSFW) entities funded by the department shall coordinate their plans and activities with other agencies funded by the department to avoid duplication of services and to maximize services for all eligible beneficiaries.

☑ By checking this box and signing the Cover Page and Certification, the agency’s Executive Director and Board Chair are certifying the agency meets assurances set out above.
Organizational Standards

MAXIMUM FEASIBLE PARTICIPATION

Category One: Consumer Input and Involvement

Standard 1.1 The organization/department demonstrates low-income individuals’ participation in its activities.

Standard 1.2 The organization/department analyzes information collected directly from low-income individuals as part of the community assessment.

Category Two: Community Engagement

Standard 2.1 The organization/department has documented or demonstrated partnerships across the community, for specifically identified purposes; partnerships include other anti-poverty organizations in the area.

Standard 2.2 The organization/department utilizes information gathered from key sectors of the community in assessing needs and resources, during the community assessment process or other times. These sectors would include at minimum: community-based organizations, faith-based organizations, private sector, public sector, and educational institutions.

Standard 2.4 The organization/department documents the number of volunteers and hours mobilized in support of its activities.

Category Three: Community Assessment

Private Agency - Standard 3.1 Organization conducted a community assessment and issued a report within the past 3 years.

Public Agency - Standard 3.1 The department conducted or was engaged in a community assessment and issued a report within the past 3-year period, if no other report exists.

Standard 3.2 As part of the community assessment, the organization/department collects and includes current data specific to poverty and its prevalence related to gender, age, and race/ethnicity for their service area(s).

Standard 3.3 The organization/department collects and analyzes both qualitative and quantitative data on its geographic service area(s) in the community assessment.

Standard 3.4 The community assessment includes key findings on the causes and conditions of poverty and the needs of the communities assessed.

Standard 3.5 The governing board or tripartite board/advisory body formally accepts the completed community assessment.
VISION AND DIRECTION

Category Four: Organizational Leadership

Private Agency - Standard 4.1 The governing board has reviewed the organization’s mission statement within the past 5 years and assured that:
1. The mission addresses poverty; and
2. The organization’s programs and services are in alignment with the mission.

Public Agency - Standard 4.1 The tripartite board/advisory body has reviewed the department’s mission statement within the past 5 years and assured that:
1. The mission addresses poverty; and
2. The CSBG programs and services are in alignment with the mission.

Standard 4.2 The organization’s/department’s Community Action Plan is outcome-based, anti-poverty focused, and ties directly to the community assessment.

Standard 4.3 The organization’s/department’s Community Action Plan and strategic plan document the continuous use of the full Results Oriented Management and Accountability (ROMA) cycle or comparable system (assessment, planning, implementation, achievement of results, and evaluation). In addition, the organization documents having used the services of a ROMA-certified trainer (or equivalent) to assist in implementation.

Category Six: Strategic Planning

Standard 6.4 Customer satisfaction data and customer input, collected as part of the community assessment, is included in the strategic planning process, or comparable planning process.
Appendices

Please complete the table below by entering the title of the document and its assigned appendix letter. Agencies must provide a copy of the Notice(s) of Public Hearing and the Low-Income Testimony and the Agency’s Response document as appendices A and B, respectively. Other appendices such as need assessment surveys, maps, graphs, executive summaries, analytical summaries are encouraged. All appendices should be labeled as an appendix (e.g., Appendix A: Copy of the Notice of Public Hearing) and submitted with the CAP.
